Subject: Superior Court Detention Case Status of Long Term Detainees: 4th Quarter 2008,  
December 31, 2008

This is an updated quarterly report that provides an overview of Superior Court detention population cases for defendants detained longer than 120 days in a Level V Delaware Department of Correction (DOC) secure facility or the Delaware Psychiatric Center. Although the detainee may have more than one case for which he/she is being held, only the case with the highest charge for which an individual is being held is reported. This report also gives the statewide and county breakdowns for the Superior Court detainee population in a secure DOC facility 121-days or more for the 4<sup>th</sup> quarter of 2008, and a history look of these populations since the 3<sup>rd</sup> quarter of 2006.

There are numerous reasons why an offender with a Superior Court case may be detained in a secure facility for 120 days or more. Superior Court detainees with no specific case complications are found in the category of "active" detention cases. These "active" cases are following normal court processes and have not been sentenced as of the end of the quarter. The second group of detainee cases, "other non-sentenced detention cases," are those consisting of persons with cases involving psychological issues, and those defendants found guilty but awaiting sentencing. Murder 1<sup>st</sup> degree cases are also in this "other non-sentenced" category. These cases are not held to the same time processing standards as "active cases."

The statewide Superior Court detention population summary, found in Table 1, shows a population of 318 individuals that have been detained longer than 120 days. Of these 318 individuals, 184 cases are pending disposition without exceptional circumstances. Eighty-four are guilty but awaiting sentencing, 43 are Murder 1<sup>st</sup> cases, and the remaining 7 cases are waiting on some type of psychological evaluation. Four of the 7 individuals are being held at the Delaware Psychiatric Center.

From the second, third and fourth tables, we can see the detailed breakout by county. New Castle County has the largest percent of the statewide Superior Court detention population (70.8 percent). The remaining 29 percent of Superior Court cases are split between Kent County (13.8 percent) and Sussex County (15.4 percent).

The final table displays the Superior Court detention population by quarter since September 30, 2006. The total 4<sup>th</sup> quarter 2008 Superior Court detention population has increased by 43 individuals, with a 36 person increase in active cases, and a 7 person increase in the non-sentenced detention category. Fourth Quarter 2008 marks the highest population in all categories since this reports inception in 3<sup>rd</sup> Quarter 2006. Both active cases and the number of non-sentenced detention cases have increased the last two quarters with a 23 percent total increase from 1<sup>st</sup> quarter 2008.
